FATHER AND SON DIE IN TRAFFIC ACCIDENT

A frontal collision on the highway near the new airport terminal, claimed two lives last night. A father and his five year-old son were killed, while several others are on the critical list. The traffic death toll for this year is now thirteen.

Another type of pedestrian crossing in the refinery is this one near Nos. 9 and 10 Pipestills. Because a contractor's material is on the other side of the road, the contractor's employees should only cross on these lines. As usual, vehicular traffic, which should proceed cautiously, has the right of way.
